ALLIED YOUTH

Sponsor—LANDON BAKER

The objective of Allied Youth is to help boys and girls "realize that there are better and more constructive ways of overcoming tension and social pressure brought on by shyness, self-consciousness, and inferior feelings, than by resorting to the narcotizing effect of alcoholic beverages, and that resorting to alcoholic beverages even to overcome social pressure and tension is a form of emotional immaturity or infantilism."

The annual social event of the Allied Youth is a spring dance.

He who asserts must prove.

PURPOSE

The Debate Club believes that throughout history the coincidence of great leadership with the ability to attract and command a following through the power of effective speech has been too frequent to be set down as a matter of chance. So that there will be leaders tomorrow for the American way of life, students in high schools today must be encouraged to undertake the rigorous training and practice necessary to acquire this power of effective speech.

The History Club believes that history—past and present—can be fun! Members of the Club plan programs that make history come alive! The atmosphere in Club meetings is filled with echoes of Stephen F. Austin, Jean La Fitte, Woodrow Wilson, Alan Shivers, and with President Eisenhower. Formal talks, quiz programs, charades, bring forth applause, cheers or boos. Members of the Club think that social affairs are historic too. An annual event is the Christmas party. Another is the spring picnic when baseball and good food vie for attention.

Remember
these classes?

Static electricity is demonstrated by Mr. Akin to one of his physics classes.

Mr. Glass's chemistry students learn electrolysis of sulfuric acid, that is, the breaking down of water into hydrogen and oxygen.

LANGUAGE ARTS

The debate team is ready for one of its many tournaments. Its sponsor is Mr. Paul Matthews.

We studied . . .

Miss Byrd helps her English students correct their test papers and make outlines. This is a familiar scene in Room 114.

SOCIAL SCIENCE

Miss Gerlach points out to her students facts that make up our American history.

We studied?

World history classes made models for historical characters which helped them learn about our forefathers.

COMMERCIAL

Girls interested in secretarial work have good opportunities in that field at North Dallas. Mrs. Forehand gives one of her shorthand classes dictation.

Yes, we studied!

Typing students do their weekly assignments during their typing period.

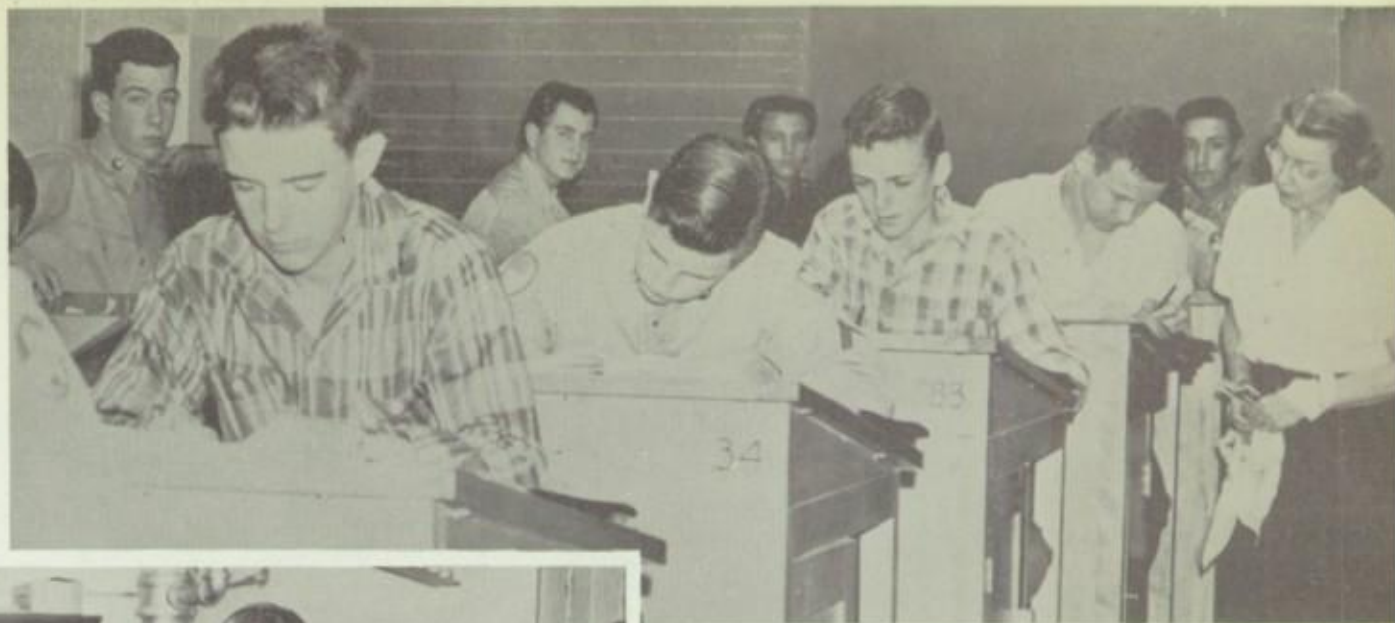

Mrs. Mason, typing teacher, shows one of her students about the assignment.

Mr. Myer shows one of his accounting classes the facts about income tax forms.

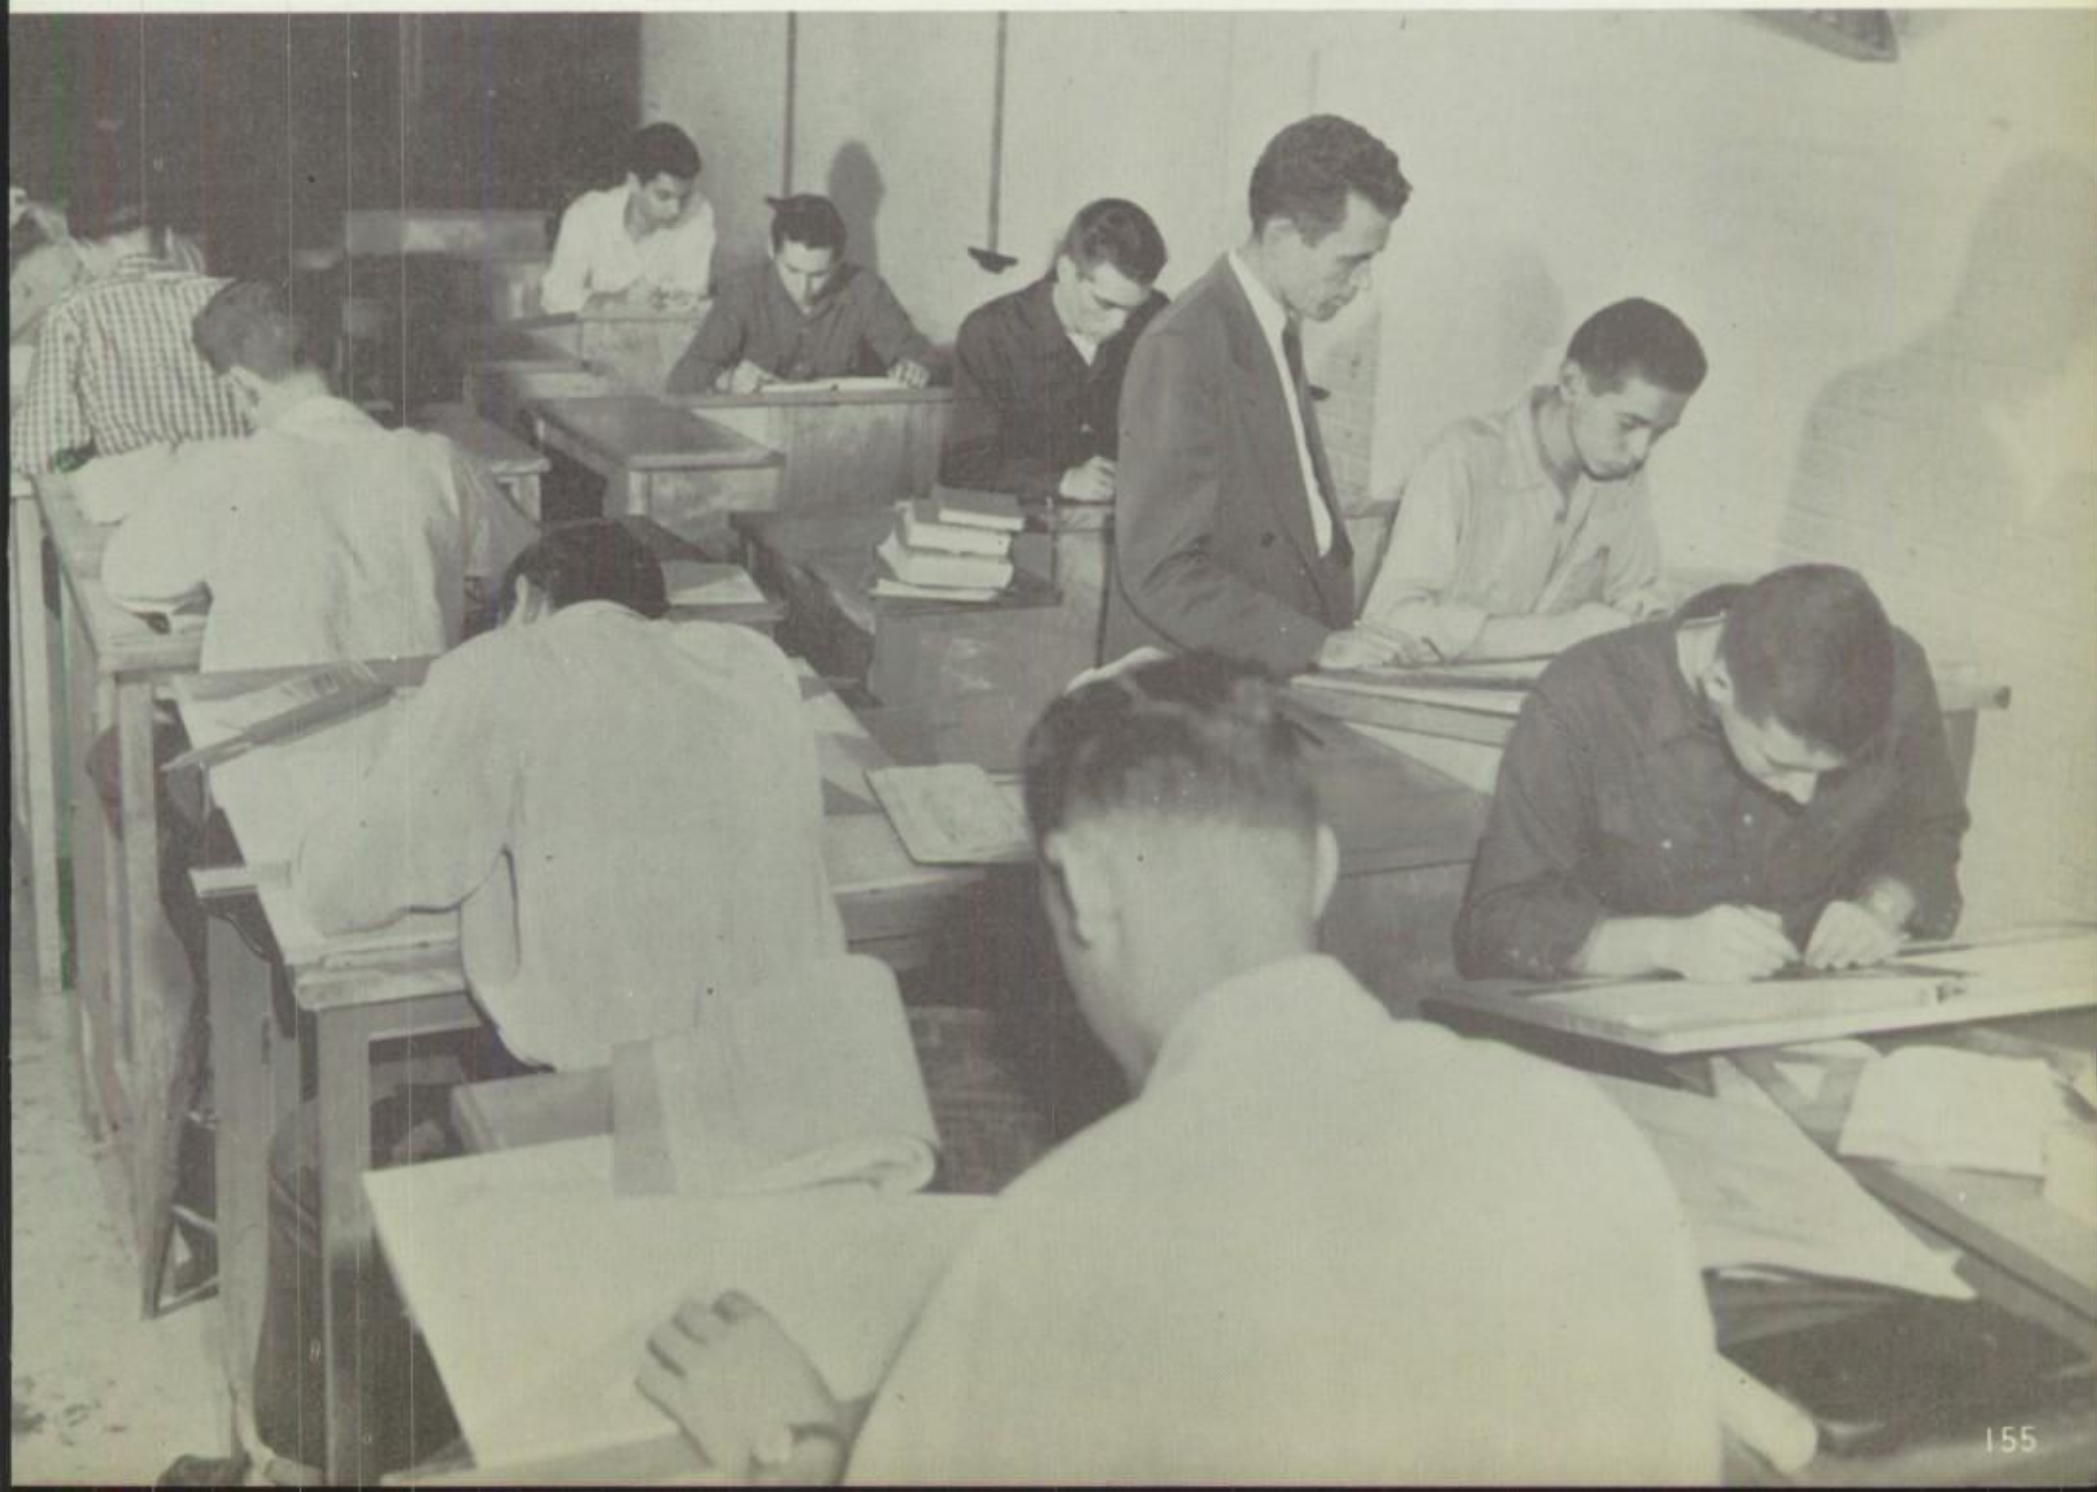

INDUSTRIAL ARTS

Drawing students under Mrs. Parker learn industrial art.

Chorus classes under Miss Helen Harrison are an enjoyable part of the many students' schedule at North Dallas.

The annual Christmas program, presented by the mass chorus, is one of the many functions of the choruses.

FOREIGN LANGUAGES

Students in Mr. Tardy's Spanish classes learn to speak the language better by recording certain passages.

Lynn Copeland and Jerry Whitman are engrossed in "La Luz," the Spanish paper edited by Mr. Tardy.

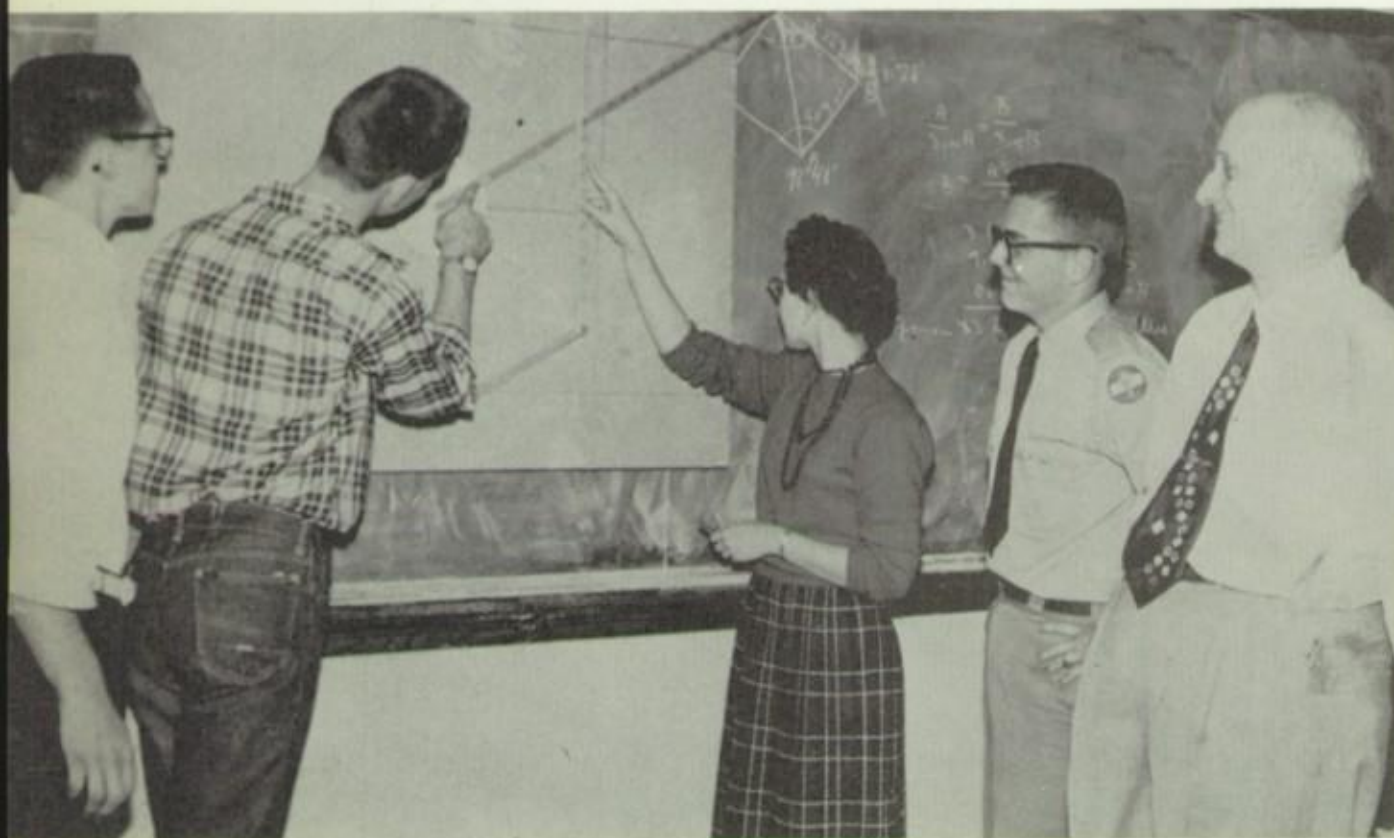

The students translate "La Luz" by putting the English near the Spanish.

MATHEMATICS

Students give devout attention to the explanations of Mr. Fulton in one of his algebra classes.

"Solid geometry can be fun," says Mr. Harris.

Students taking trigonometry become greatly interested through Miss Dice's assistance.

HOMEMAKING

Many North Dallas girls take advantage of the sewing classes offered.

Girls are taught good housekeeping by actually doing the familiar household duties.

To learn the *do's* and *dont's* of a good hostess the girls give a tea for the members of the faculty.

A few of the library assistants, aided by Mrs. Irish and Mrs. Chapman, check in books and check other necessary items.

LIBRARY

Students take advantage of the library during their study hall periods for reading or research work.

PORTS

THE SPORTS YEAR AT NORTH DALLAS

Although having only two returning starters from a good 1953 football team, the 1954 Bulldogs were tagged as the preseason favorite. In the first game, one of the two starters was lost for the season due to injury. This seemed to have been just the beginning; as the season continued, so did the injuries. The Bulldogs were able to win only three games, while tying one and losing six. The wins were from Pleasant Grove, Adamson, and Crozier Tech, and the losses to Hillcrest, Forest Avenue, Sunset, North Side of Fort Worth, South Oak Cliff, and Lamar of Houston. Woodrow Wilson was played to tie. Fifth place was the finishing position of the Bulldogs.

Picked to finish in the last division, and having a squad loaded with sophomores and juniors, Coach John Rowland is to be congratulated for a wonderful coaching job with his Bulldogs for the 1954 and 55 basketball season. The Dogs were able to win both games from Hillcrest, Adamson, Forest, and South Oak Cliff, while splitting with Sunset and Woodrow Wilson. Their only two-time loss was to the State play-off bound Crozier Tech Wolves. With this record, the roundballers were able to finish in a respectable third place.

The 1955 track and baseball teams' outlook is promising for one of their best seasons.
